FOR DISSEMINATION

Notice to the Public

The Philippine Consulate General in Agana advises the public that the operations of the Consulate General are further suspended from 7-8 September 2021.

As announced last 1 September 2021, one personnel at the Consulate General tested positive for COVID-19. While no other personnel has tested positive since then, compliance with guidance set by Guam's Department of Health and Social Services (DPHSS) particularly on duration of isolation of close contacts means that the Consulate General would have to remain closed until at least Wednesday, 8 September 2021.

All appointments scheduled for 7-8 September 2021 will be rescheduled by the Consulate. For emergencies, urgent consular concerns and questions, the public may reach the Consulate through its 24/7 hotline 671-488-4630.

The Consulate General sincerely appreciates the public's continued understanding as the Consulate adheres to the prescribed measures against the COVID-19 pandemic for the safety of personnel, clients and all stakeholders of the Consulate General.

Thank you.
